

Bus Runs

The buses, under the control of the Combined Schools Transport Committee, provides Ministry funded transport for children under the age of 10 years living 3.2 kms or further from the school, and 4.8 kms or further for those children 10 years or older. Buses run from our school into most country areas and caregivers should approach Go Bus if they wish to find out about school bus routes. Pupils who are not eligible for Ministry funded transport may use these buses but they must pay the fee set down by the Transport Management Committee. This year the fee is \$30 per term.

In addition to Ministry paid bus runs, the Bus Management Committee provides three town runs on a user pays basis. One of these travels from school along Rewi Street, Pakura Street and back to the College. The second run travels from school along Fairview Road, Puniu Road, Bridgeman Road, Raikes Ave and back to the Te Awamutu Intermediate. A third run travels from the school, past the college, along Factory Road and into Racecourse Road.

Bus tags can be purchased at a cost of \$30 per term from the school office.

Parents are asked to advise the office by phone or note if their child is not using the afternoon bus on any given day.
