Bullying Flyer `Step up, Be Safe`:

We have provided in this school newsletter a copy of the recently produced Ministry of Education pamphlet on bullying. We as a school believe this is a very good discussion tool for you and your child to use to understand the types of bullying and the possible situations you could find yourself in. The added benefit to this resource is the positive solutions that children are been given to help them solve or work with adults to help them find support. If you are concerned as parents about mobile, text or even internet bullying then can I offer my web site mr-duncan.wikispaces.com/ Under web safety you will find all the NZ support agencies like **Net Guide for Parents** - a magazine with articles, ideas and tips for helping you encourage safety and ethical use in the home. It also includes information about mobile phones and other devices.

Board of Trustees News:

The Board of Trustees is reviewing the Strategic Plan and would like your thoughts about school direction for the next 3 – 5 years. We would like this process to be organic for all involved. BOT members will be out in the community talking to you about your thoughts and gathering feedback from you. The question that will most likely start the chat will be: `How is school going for you and your family?' A very easy two minute chat to enable us to collect some data.

Please feel free to attend our strategic planning session being held at Elevations Restaurant on the 11th August from 5.30pm to 7.30pm. The BOT would like to thank people who are making useful comments for the future direction of the school.

Thank you Bruce Airey, Chairperson.
